

## Quality Control Inspector

Biewer Sawmill, Inc. is looking to hire a full-time Quality Control Inspector to our team in McBain, MI. This position will ensure that all manufactured goods meet the company's specific standard in quality while minimizing downtime in production. The position will be from 5 AM to 1 PM, Monday – Friday, with overtime as needed.

### Accountabilities –

- Summarize and report on final inspection results daily.
- Immediately inform the supervisor of deficiencies or discrepancies involving the quality of production.
- Assist the Optimization Manager in machine center optimization, alignment, and calibration.
- Apply minor maintenance adjustments when necessary.
- Ensure safe work practices, follow safety procedures, and complete safety forms, checklists, and permits.

### Qualifications –

- Mathematically inclined and able to obtain precise measurements.
- Quality control certificate preferred.
- 2 Years of Experience Required.
- Computer proficient with Microsoft Office and Google Docs.
- Aptitude to navigate and acquire skills to use internal systems.
- Able to understand and respond to verbal and written communication.
- Capable of working independently with minimal direct supervision.
- Combined in-office work and standing, walking, or climbing stairs in the production area.
